

SOY

DESSERTS

The background features a light beige surface adorned with delicate pink cherry blossoms and scattered petals. Four plates of soy desserts are artfully arranged: top right shows a chocolate-based dessert with a scoop of white ice cream and gold beads; bottom left shows pink macarons with a white flower and gold beads; bottom right shows a baked quince with fresh raspberries and blueberries; and a pink patterned napkin is visible on the left. The central text is framed by thin gold lines and small floral motifs.
